

Stroke Advisory Council Report

**Justus-Warren Heart Disease and Stroke
Prevention Task Force Meeting**

January 8, 2019

Integrating and Accessing Care Work Group

1. Conduct a survey of all NC hospitals to verify stroke services and determine needs for training and technical assistance.
2. Educate providers on current recommendations for stroke care.
3. Facilitate integration of stroke response and communication including assessing transfers, collecting hospital data, and documenting cost and system improvement.
4. Educate government and health care leadership on current issues and needs.

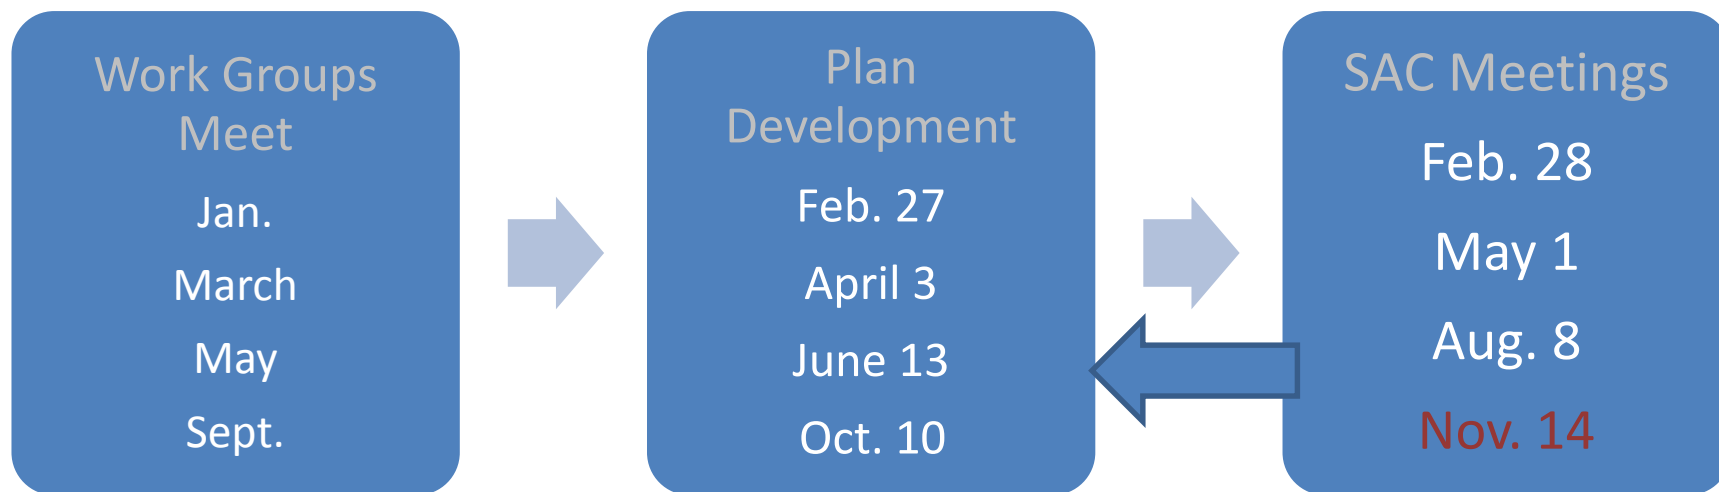

Post-Stroke Health Work Group

1. Promote prevention, in-office counseling, secondary prevention
2. Understand and promote Medicaid benefits
3. Institute one phone number for stroke patients to call as they navigate the care continuum
4. Collaborate with DPH, Division of Aging, DMA, AHEC, Heart Health Now!

Prevention and Public Awareness Work Group

- Launch Stroke Prevention Campaign spring 2019
- Identify and promote local programs and resources for stroke prevention
- Promote resources including **Know It, Control It** Hypertension Program and Hypertension Coaching

Developing the Stroke Care Plan

NC HealthConnex

The Stroke Advisory Council submitted a proposal to NC HealthConnex, North Carolina's Health Information Exchange, to develop a Stroke Registry.
